"Blue, Blue, Christmas" aren't just some of the lyrics to a famous Christmas song. Sometimes we can really struggle to find the joy we are told is the "Hap-happiest time of the year".

Whether missing someone that used to be a big part of the holiday or dreading having all the family together, we each have unique memories and experiences that can make the holiday time challenging. Even when we are looking forward to the holidays, there can be added stress with all of the hustle and bustle.

To help make your holidays a little more cheerful, we are offering a special on NET (NET Emotional Technique). This technique can address all sorts of emotional and stress-related conditions. Learn more about NET here: <https://www.youtube.com/watch?v=n4qLnA>

We are hosting an informational session on the 12th if you have questions and would like to learn more about how NET may benefit you.

**We wish you a very Merry Christmas!!**
